**AMENDED PETITION FOR CONFIDENTIAL
TREATMENT OF INFORMATION**

Comes East Kentucky Power Cooperative, Inc., hereinafter referred to as "EKPC", and amends its October 28, 2004 Petition to the Public Service Commission, hereinafter referred to as the "Commission", pursuant to 807 KAR 5:001 Section 7 and KRS §61.878 and related statutes, for confidential treatment of certain designated information contained in the exhibits to the Application filed in this case. EKPC requests to amend said Petition, which is hereby incorporated by reference as a part of this Amended Petition, as follows:

1. EKPC withdraws its request for confidential treatment of the information in Exhibit 4 to the Application in this case, concerning the average cost of proposals received in response to EKPC's Request for Proposals. EKPC has selected a proposal for the remainder of its projected baseload power requirements, and there is no longer a compelling need to keep this information confidential.

2. EKPC states that the information designated as confidential in Exhibits 1 and 8 to the Application, which includes a breakdown of the prices of generation and transmission facilities included in the Spurlock Unit 4 project, continues to require confidential treatment in order to protect the estimate of the cost of the transmission interconnection facilities, for which proposals have not yet been solicited and evaluated. EKPC is willing to disclose for the record in this case that the combined estimated cost of the Spurlock 4 project, including transmission interconnection facilities, is \$473 million.

WHEREFORE, Applicant respectfully renews its request to the Commission to grant confidential treatment to the information identified in its Petition for Confidential Treatment of Information dated October 28, 2004, except as hereby amended, and to deny public disclosure of the information pursuant to 807 KAR 5:001 Section 7.

Respectfully submitted,

DALE W. HENLEY
